## Helen Duncan- the Most Dangerous Psychic in the World

Ben will be looking at the strange case of Helen Duncan. The 1944 "Witchcraft Trial" in which the psychic medium was imprisoned for nine months, took place seventy-eight years ago, yet it still arouses controversy and is as relevant today as it has ever been. It dives into the dark world of espionage and war, but it also has deeper implications about the nature of humanity and spirituality, and how that is also a secret being suppressed.
