## Lost Civilisations and Standing Stones

Maria will explore the lost civilisations of the British Isles that had similar burial practises to ancient Egypt and how they created a temple dedicated to the Moon and the Goddess of Reincarnation. Maria also reveals the many diverse types of earth energies that were woven into the site. How the government destroyed a healing stone and infilled another to deface it. Maria discusses lost stone settings and how the royal family stole one of the main stones that once graced the site. The truth is often far stranger than fiction.
